

Statement of REDidi (in English) - 20 septiembre 2015

WHERE'S THE COMMITTEE OF CHILDREN'S RIGHTS (UN)?

We HAVE REFUGEE CHILDREN!

REFUGEE: OR: XXI CENTURY HUMANITARIAN ISSUE?

Human Rights – they still worth? Are they still part of a social consciousness? Do they still guide the democratic political thought?

The REDidi demands to the competent authorities an international intervention; European and National in the protection of Children Integrated in families in the situation of refugee.

These children are at risk, in life danger and live in the hope of finding protective communities.

Countries that have ratified the Convention of Children's Rights Today are attacking children who are fleeing from the war (from death) with water jets, offer them rubber boats and throw them tear gas.

Convention of Children Rights (1989), Artº 22:

1. States Parties shall take appropriate measures to ensure that a child who is seeking refugee status or who is considered a refugee in accordance with applicable international or domestic law and procedures shall, whether unaccompanied or accompanied by his or her parents or by any other person, receive appropriate protection and humanitarian assistance in the enjoyment of applicable rights set forth in the present Convention and in other international human rights or humanitarian instruments to which the said States are Parties.

2. For this purpose, States Parties shall provide, as they consider appropriate, co-operation in any efforts by the United Nations and other competent intergovernmental organizations or nongovernmental organizations co-operating with the United Nations to protect and assist such a child and to trace the parents or other members of the family of any refugee child in order to obtain information necessary for reunification with his or her family. In cases where no parents or other members of the family can be found, the child shall be accorded the same protection as any other child permanently or temporarily deprived of his or her family environment for any reason, as set forth in the present Convention.

This message is a warning to the sleeping consciences, because they have total responsibility.

REDidi appeals to the United Nations Committee of Children Rights and to each country to INTERVENE to TALK and PROMOTE an humanitarian action response to all the children in the promotion and defense of their welfare and Citizenship Rights.
